Portfolio: https://daria.colgecen.co

Ankara, Turkey

SUMMARY

Ex-civil servant transitioning into a Data Analyst role after completing Yandex.Practicum Bootcamp and developing my skills in pet-projects.

EXPERIENCE

Export Account Manager

Çevik Destek

10/2022 - 01/2023 Ankara, Turkey

The main components of my job included market research, product space analysis, digital marketing, and management of accounts.

- Established new channels for business development through export of goods and services.
- Expanded companies' export territories.
- Achieved sales goals and service targets by cultivating and securing new customer relationships.

Lead Consultant

Ministry of Economic Development of the Russian Federation

10/2019 - 06/2022 Moscow, Russia

I worked in a division responsible for interregional and cross-border cooperation between Russian regions and neighbouring countries. I participated in the realization of cross-border cooperation programmes with Estonia, Lithuania, Poland, and Finland. I was responsible for project selection, evaluation, and monitoring. Besides, I prepared analytical reports on foreign economic activity of Russian regions and internal KPI.

- Analysed the financial statements of more than 300 international projects.
- Developed the Middle-Term Programme of Interregional Cooperation Between Russia and Mongolia and Concept for Cross-Border Cooperation of the Russian Federation.
- Took part in organisation of interregional forums (Azerbaijan, Kazakhstan, Uzbekistan), and intergovernmental meetings (China, Turkey, Mongolia).

Telegram bots

PROJECTS

Data Visualization Project

Developed Tableau dashboard about Spanish regions food consumption that includes a Tile Grid Map of Spain which I made from scratch.

The Cost of a Date Project

Inspired by the infographic of the State Statistics Service, I made my own infographic, where I calculated the cost of a date in my hometown.

McDonald's Healthy Menu Project

Made a nutrition analysis on the US McDonald's menu and created 96 possible healthy lunch combos.

Gastronomia Telegram bot (in progress)

Telegram bot which will help me and my friends to get nice recipes from different national cuisines.
